

GUNGAHLIN ANGLICAN CHURCH

MEN'S AND WOMEN'S MINISTRIES

Gungahlin Anglican Church (GAC) recognises that living in a community is an essential part of the Christian life. GAC supports a number of Ministries which assist people to connect into their community.

Both the Men's and Women's Ministries seek to equip congregation members to grow towards maturity in Jesus, and to share the gospel with others in their community. They also seek to encourage men and women with significant life issues such as marriage, friendship, accountability and service.

GAC considers that both Men's and Women's ministry is an important part of our Church life and events designed especially for men and women separately provide opportunities to fellowship, grow, and have fun together.

Some of these events are invitational in style with the chance to invite friends to hear a Christian message in a non-threatening and relaxed environment. Events are held throughout the year and appear on the Church Calendar, available from the Church office or on the 'members only' part of the GAC website at <http://www.gungahlinanglican.org.au/members/downloads/>

Organising committees are formed to coordinate events and congregational members are encouraged to participate. The types of events run include:

Women

Regular women's walks
Prayer breakfasts
Attendance at the Canberra Women's Christian Convention
Cooking master classes
Gingerbread house making
Crafty club

Men

SWAT – Service with Attitude – Love! (this group does odd jobs in the homes and gardens of members of the church and wider community)
Men's breakfasts and dinners
Attendance at Katoomba Men's convention
Attendance at Canberra Men's Christian Convention

In addition to these events there are Growth Groups specific to men and women (with crèche), providing opportunity to look at God's Word and to encourage each other.

Congregational members are encouraged to contribute to both of these Ministries either by participating in organising committees, as noted above, and/or inviting friends and family to attend events.
